About us

The grand inception of this pioneering organization took place more than a decade ago. Since its inception, Motto Group has become a leading Indian manufacturer and exporter of ceramic and vitrified tiles all around the globe. Its manufacturing unit in Morbi, Gujarat has a production capacity of 13,000 Sq. Mtrs. per day. With the latest technologies and modern machinery in its infrastructure, the group has been able to increase its production capacity significantly since its establishment. Motto is not only stunning the world with its enamoring product range but is also letting its customers experience new trends right in their space with exceptional service. Motto aspires to lead the industry and set a benchmark with its trendy and reliable products, which have been recognized by regulatory bodies such as ISO and CE. Motto Group with its outstanding leaders will continue to raise the bar, so as to transform the lifestyle of people from all over the world with its best products.

INTRODUCING TERRAZZO

Unveiling the historic art of decorative flooring, we are proud to introduce our new collection "Terrazzo series", which explicitly unveils the art to seamless flooring with multiple finishes. Terrazzo flooring being the gem to one's eye has been a fascination for all generations since long. With great efforts and incomparable beauty we are proud to fulfil the fascination of billions. Terrazzo greatly known for its beauty and seamless pattern; is now accessible to all with our new launch. These extra-ordinarily crafted ceramic surface brightens up your space beyond imagination. Tailored with utmost care and attention at being seamless, these will uplift your surfaces to a tremendous new pace, setting a new trend, enriching your space with historic beauty.

DESIGN AND ARCHITECTURE TOOLS

Precisely designed to satisfy the new trends of the era with a marvellous matt finish, suitable for every space. These surfaces drastically change the spatial quality of your space adding a soothing and calming effect to tranquilize the environment as well as adds a dazzle of dynamics and colors at the same time.

HERITAGE, ART, INNOVATIVE, DESIGN.

Inspired from the ancient art of tiling to throw out a perfect contemporary look, beautifying your space drastically.

THE ELEGANCE OF A PERFECT FINISH

These surfaces are not just a mimic to terrazzo, but also uplift its beauty to be a perfect match for the modern contemporary look with an elegant matt finish.

WORKING WITH THE VARIOUS VERSIONS OF

CUTTING WITH DIAMOND DISCS

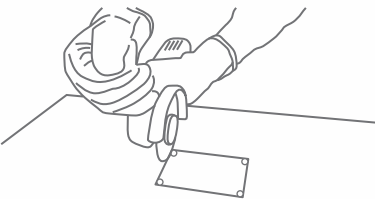

Our products can be cut using diamond discs fitted onto the hand-held electrical grinding machine. The speed of Disc rotation must be high (>10000 RPM) and should have a low feed rate (< 1 m/min). It may be required to cool the disc with water. Recommended discs are the thin types generally used for cutting porcelain stoneware. The surface should be kept on a FLAT base while cutting without any gap underneath

DRILLING

You can use cutting discs fitted to battery-operated screwdrivers or angle grinders, electrical drills as an alternative.

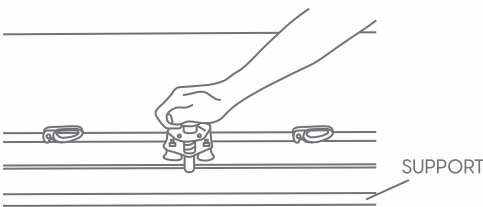

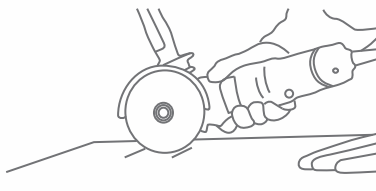

INTERNAL CUT / L-SHAPED CUT

To get internal and L-shaped corners & to reduce the risk of breakage, round o the vertex of the internal corner using bits with a radius of at least 5mm. Then cut with diamond discs, be cautious to stop moving the cutting tool forward. To drill and cut using diamond discs, follow the instructions provided above.

- When using these tools:
- Cool the point being drilled with water
 - Don't put too much pressure and bear in mind the resistance of the type of laminated stoneware you are working on
 - If you are using tungsten bits, start drilling at a low speed
 - If you are using drills or screwdrivers, do not select hammering mode

EDGE-FINISHING

CLEANING & MAINTENCE

Our products are non porous (due to their high quality raw materials, stringent production parameters and state of the art technology), hence any dust or deposited waste cannot penetrate the surface.

For most cases only a damp cloth is sufficient for cleaning.

Regular cleaning highlights the aesthetic features of the surface and gives it exceptional shine.

For highly aggressive cleaning caused by some common food and substances follow the table below.

TYPE OF STAIN	CHEMICAL PRODUCT	EXAMPLE
Grease	Alkaline - Solvent	Detergent
Oil	Solvent	Ammonia, Backing Soda
Ink	Oxidant - Solvent	Alcohol, Liquid Bleach, Nail Paint Remover
Rust	Acid	Hydrochloric Acid, Vinegar, Red Harpic
Lime	Acid	Descaling Reagent, Hydro Chloric Acid
Cement	Acid	Hydro Chloric Acid
Wine	Alkaline	Ammonia, Liquid Bleach
Coffee	Alkaline - Solvent	Ammonia, Liquid Bleach
Rubber	Solvent	Alcohol, Thinner
Plaster	Acid	Hydro Chloric Acid
Candle Wax	Solvent	Alcohol, Thinner
Iodine	Oxidant	Liquid Bleach
Blood	Oxidant	Liquid Bleach
Ice Cream	Alkaline	Liquid Bleach

Note: It is recommended that any kind of stain needs to get clean immediately / as soon as possible.
