LUCIDO
COLLECTION

We created the phenomenal new Lucido Collection to redefine the essence of modern living with tiles that combine advanced features and mesmerizing looks. Understanding the need for durability, elegance, and innovation in today's spaces, this collection was born out of a desire to offer more than just tiles, it's about creating lasting impressions.

With a marble-like look and long life akin to natural marble, these tiles exude timeless elegance. Featuring absolute transparent grits and minimal reflection, they deliver a refined, luxurious appeal that elevates any space.

Each tile showcases fabulous designs that turn ordinary spaces into extraordinary wonderlands. With exceptional textures, cutting-edge finishes, and designs that transform any room into a masterpiece, Lucido Collection is where functionality meets breathtaking aesthetics. It's our answer to your quest for timeless beauty and unparalleled performance.

1200X 2400MM	800X 1600MM	60X 250MM

Monumental Slabs Truly Empower Ambiance

Imagine stepping into a space that feels like a wonderland,our slabs make that dream a reality! Available in three versatile sizes, they come in GHR and GHR + Punch finishes, showcasing textures so stunning, you'll want to reach out and touch them. With a robust thickness of 9 mm and 8.5 mm, these slabs are built to last, combining durability with elegance.

Thanks to our cutting-edge technology and passionate R&D team, every design is a masterpiece. Transform your home into a haven of style and sophistication with slabs that truly stand out. Ready to make your space extraordinary? We've got just the thing for you!

1200x2400mm | 800x1600mm | 60x250mm

Glorious Slabs That Creates Sensational Space

We have 3 different size slabs made with perfection that suits every taste and ambiance. It brings a royal vibes with its monumental size.

GHR SURFACE

Technical Features

Our slabs are designed with advanced technical features to ensure exceptional durability and aesthetics. With anti-transparent grits and low reflection properties, they offer a sleek and refined appearance.

The abrasion-resistant surface ensures they withstand daily wear and tear, maintaining their beauty over time. Crafted to replicate the elegance of natural stone, these slabs provide a long-lasting surface akin to marble, making them a perfect choice for spaces requiring both style and resilience.

- Absolute Transparent grits
- High Abrasion Resistance
- Anti-Slip Surface
- Natural stone effect
- Increasing life span of Tile
- Long life surface like natural marbles
- Different particle size to get structure difference
- Creation of premium range of tile (sumptuous)
- Low reflection (gloss value below than 5)
- PL value 4
- MOHR Scale 5 to 7

Application **Areas**

Our surfaces are ideal for various applications, from residential homes to high-traffic public areas, ensuring durability and aesthetic appeal.

- Residential Areas
- Commercial Areas
- Hospitals
- Shops & Malls
- Hotels & Restaurants
- Schools & Colleges
- Religious Places
- Railway Stations
- Parks & Outdoor Furnitures
- Public Places

Application **Possibilities**

Our versatile slabs enhance kitchen countertops, bathtubs, staircases, etc combining durability, elegance and timeless aesthetics to each ambiance.

- Door & Window Frame
- Kitchen Countertop
- Dining Table
- Table Top
- Shelves
- Floor & Wall
- Vanity Top
- Wash Basin
- Stair Case
- Bath Tub

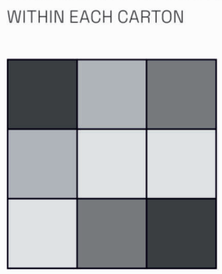
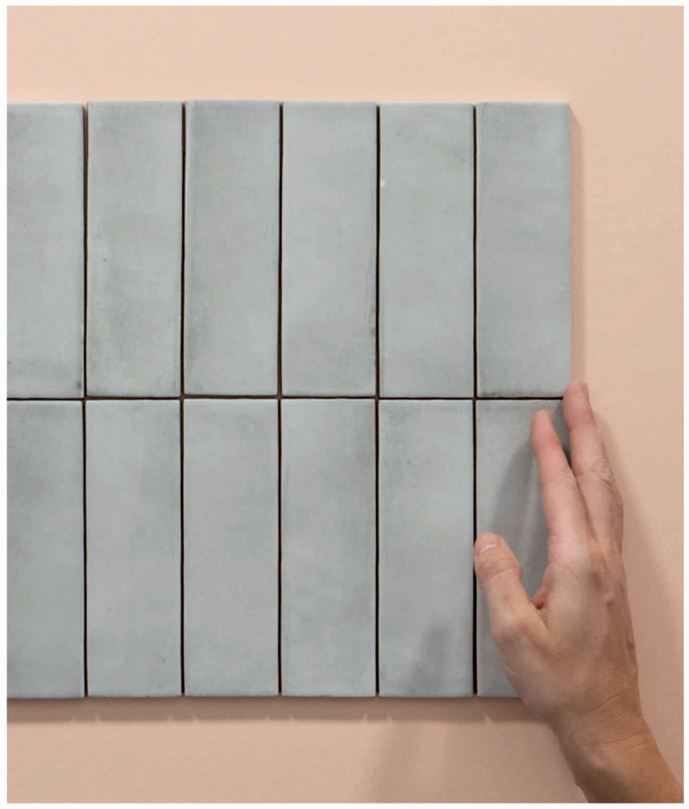
Degree of Colour Change

HUGH SHADE & TEXTURE VARIATION WITHIN EACH CARTON





Please note that there may be variations in the colours due to the random design concept, which is part of the unique beauty of this concept. We advise you to view the actual tiles before making a final decision on colours. It is important to keep a gap of 2 mm between tiles during installation.

As a Precautionary measure, we recommend conducting a dry mock installation of the tiles to ensure seamless final installation.

Keep in mind that size and shape variation are inherent properties of all vitrified tiles and should not be considered as a manufacturing defect.

Claims made post-installation will not be address.

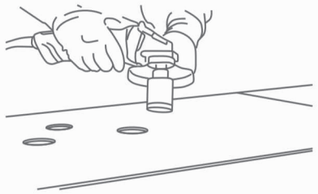
We are honoured to be a part of your home and are committed to providing you with a lifetime of joy and happiness.

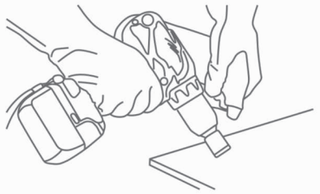
WORKING WITH THE VARIOUS VERSIONS OF TILES FINISH

CUTTING WITH DIAMOND DISCS

Our products can be cut using diamond discs fitted onto the hand-held electrical grinding machine. The speed of Disc rotation must be high (>10000 RPM) and should have a low feed rate (<1 in/min). It may be required to cool the disc with water. Recommended discs are the thin types generally used for cutting porcelain stoneware. The surface should be kept on a FLAT base while cutting without any gap underneath

DRILLING





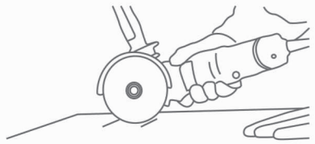
You can use cutting discs fitted to battery-operated screwdrivers or angle grinders, electrical drills as an alternative.

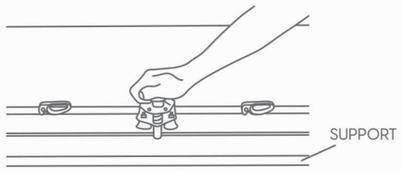
INTERNAL CUT / L-SHAPED CUT

To get internal and L-shaped corners & to reduce the risk of breakage. round o the vertex of the internal corner using bits with a radius of at least 5mm. Then cut with diamond discs, be cautious to stop moving the cutting tool forward. To drill and cut using diamond discs, follow the instructions provided above.

When using these tools:
-Cool the point being drilled with water
-Don't put too much pressure and bear in mind the resistance of the type of laminated stoneware you are working on
-If you are using tungsten bits, start drilling at a low speed
-If you are using drills or screwdrivers, do not select hammering mode

EDGE-FINISHING





MANUALLY TRANSPORTING PORCELAIN FINISH

Only for 1/4- Slabs

CLEANING & MAINTENCE

Our products are non porous (due to their high quality raw materials, stringent production parameters and state of the art technology), hence any dust or deposited waste cannot penetrate the surface.

For most cases only a damp cloth is sufficient for cleaning.

Regular cleaning highlights the aesthetic features of the surface and gives it exceptional shine.

For highly aggressive cleaning caused by some common food and substances follow the table below.

TYPE OF STAIN	CHEMICAL PRODUCT	EXAMPLE
Grease	Alkaline - Solvent	**Detergent**
Oil	Solvent	**Ammonia, Backing Soda**
Ink	Oxidant - Solvent	**Alcohol, Liquid Bleach, NailPaint Remover**
Rust	Acid	**Hydrochloric Acid, Vinegar, Red Harpic**
Lime	Acid	**Descaling Reagent, Hydra Chloric Acid**
Cement	Acid	**Hydro Chloric Acid**
Wine	Alkaline	**Ammonia, Liquid Bleach**
Coffee	Alkaline - Solvent	**Ammonia, Liquid Bleach**
Rubber	Solvent	**Alcohol, Thinner**
Plaster	Acid	**Hydro Chloric Acid**
Candle Wax	Solvent	**Alcohol, Thinner**
Iodine	Oxidant	**Liquid Bleach**
Blood	Oxidant	**Liquid Bleach**
Ice Cream	Alkaline	**Liquid Bleach**

Note: It is recommended that any kind of stain needs to get clean immediately / as soon as possible.
